

NORTH-EASTERN JAPAN-OFF THE PACIFIC OCEAN EARTHQUAKE

Relief Fund

We would like to express our sincere sympathy and condolences to the victims of the Northeast Japan Earthquake and Tsunami on 11 March 2011.

The biggest earthquake ever recorded in Japan brought devastation to the lives of millions of people in the northeast. Victims who lost their families, loved ones, friends, houses, and their ordinary lives are fighting to overcome this unprecedented crisis. We would like to share their burdens and to support their smooth recovery as much as possible.

The earthquake and tsunami destroyed many schools. Students in the disaster areas are facing a crisis as the new semester begins in April. In order to promote a good educational environment for children in the disaster areas, NFUAJ has started a relief fund. We believe that education is the foundation of a peaceful society and of the development of human resources.

The relief fund will be disbursed to schools attended by the victimized children. Children in the disaster areas are in deep sorrow. To bring smiles back to their faces, we ask for your kind support. Please help the schools struck by the earthquake and tsunami.
